

Indiana Department of Education
SUPPORTING STUDENT SUCCESS

MEMORANDUM

TO: Superintendents and Principals
FROM: Phyllis J. Lewis, MSN, School Health Services Coordinator
DATE: June 24, 2010
SUBJECT: Student Health Legal Standards

Please share this information with school nurses and speech language pathologists as well as the individual who will be submitting the report.

In accordance with IC 20-34-3-12, the Indiana Department of Education (IDOE) is electronically collecting vision and hearing screening reports as well as the school health report for the first time through IDOE-Online application.

The department will no longer accept paper submissions; all submissions must be done electronically. In order to log-in to IDOE-Online, both the school number and the school PIN number are required. If the principal does not have the school number and the school PIN number, contact the Office of Data Collection and Reporting at 317-232-0808.

Please enter your information into the online forms at IDOE-Online:
<https://dc.doe.state.in.us/DOEOnline/HearingVision/HearingVision.aspx>

Schools will have until August 20, 2010 to submit these three forms for the Student Health Legal Standards. This will provide you with adequate time to submit the reports and prevent personnel from having to return to school during the summer to submit the reports.

For a child to be a strong reader, it is imperative all barriers that may impede academic success be removed so that every opportunity is provided for attainment of grade level reading goals. The information provided in these reports will be a key element in achieving this goal. Thank you for collecting and sharing this important data.

The patience you have shown during the time needed to develop this new reporting system is appreciated. Thank you. If you have questions, please contact me at plewis@doe.in.gov or 317-232-9142.
